Producer licence and monetisation consent

1. Parties and Track Information

This Producer License and Monetisation Consent Agreement (“Agreement”) is entered into on 28 January 2026.

This Agreement is between:

Artist: asdasd

Artist Name (if applicable): sadokasdo

Email: Fieves

Producer: asd

Producer Name (if applicable): asd

Email: dad@asd.com

Platform: Aermuse (“Platform”)

This Agreement applies to the following track:

Track Title: sdajdasd

Track Version / Identifier: m,aster

This Agreement records the Producer's explicit written consent for monetisation of the above Track via the Aermuse platform, subject to the terms set out below.

2. Grant of Licence and Monetisation Permission (Aermuse Only)

The Producer confirms that they own or control their contribution to the Track and grant the Artist a limited licence to monetise the Track directly to fans via the Aermuse platform only.

This licence:

- is non-exclusive
- does not transfer ownership of copyright
- applies solely to sales made through Aermuse
- does not authorise distribution to digital service providers (DSPs), sync licensing, broadcast, or any use outside Aermuse

No rights are granted beyond those expressly stated in this section.

Any use of the Track outside Aermuse requires a separate written agreement between the Artist and Producer.

3. Revenue Split and Licence Payment Structure

Revenue generated from sales of the Track via Aermuse shall be split between the parties as follows:

Producer: 70%

Artist: 30%

The parties agree that revenue generated through Aermuse may be applied toward payment of the Producer's licence fee in accordance with the licence structure selected below.

Licence Structure (select one):

& Recoup-Until-Paid Licence

A licence fee of 134 shall be recouped from the Producer's share of Aermuse sales. Once this amount has been fully recouped, the revenue split shall automatically adjust to:

Producer: 50%

Artist: 100%

& Perpetual Revenue Share via Aermuse

The above revenue split shall apply perpetually to all Aermuse sales of the Track, regardless of recoupment.

This section applies only to direct-to-fan sales made through Aermuse and does not apply to DSP distribution, sync licensing, or any use outside the Platform.

4. Perpetual Aermuse Usage Permission (Producer Election)

The Producer retains final authority to approve or deny perpetual monetisation of the Track via the Aermuse platform.

By selecting one of the options below at the time of signing, the Producer confirms their decision regarding ongoing Aermuse usage rights.

& Opt-In – Perpetual Aermuse Monetisation Approved

The Producer grants ongoing permission for the Track to be sold via Aermuse under the revenue split and licence structure set out in this Agreement. This permission applies only to Aermuse and does not extend to DSP distribution or any other use.

& Opt-Out – Limited Aermuse Monetisation

The Producer does not grant perpetual permission. Monetisation via Aermuse is limited to the terms of this Agreement and may be withdrawn in accordance with the inactivity, termination, or licence resolution provisions.

No perpetual rights are granted unless expressly approved by the Producer in this section.

5. Inactivity, Removal, or Licence Buyout

If the Track generates zero paid purchases via the Aermuse platform for a continuous period of 33 months from the date the Track is first made available for sale, the Artist must, within thirty (30) days, take one of the following actions:

- (a) remove the Track from the Aermuse platform; or
- (b) purchase the Producer's licence outright for the agreed buyout amount of 400.

If the Artist fails to take either action within this period, the Producer may withdraw consent for Aermuse monetisation of the Track.

This section applies only to sales made through Aermuse and does not affect DSP distribution, sync licensing, or any other external use of the Track.

6. Platform Role and Limitation of Responsibility

Aermuse acts solely as a technology and transaction facilitation platform.

Aermuse does not own, control, or claim any rights in the Track and does not determine ownership, authorship, or revenue splits between the parties.

All rights, permissions, and obligations under this Agreement exist solely between the Artist and the Producer. Any dispute relating to ownership, licensing, revenue splits, or payment entitlement must be resolved directly between the parties and not against Aermuse.

Aermuse shall not be liable for any loss arising from disputes between collaborators or from the use, withdrawal, or termination of permissions granted under this Agreement.

7. Representations and Authority

Each party represents and warrants that:

- (a) they have the legal right and authority to enter into this Agreement and to grant the permissions stated herein;
- (b) their contribution to the Track does not knowingly infringe the rights of any third party; and
- (c) they have not granted any conflicting rights that would prevent the Track from being monetised via Aermuse in accordance with this Agreement.

Each party is responsible for their own rights, contributions, and obligations under this Agreement.

8. Electronic Execution and Binding Effect

This Agreement may be executed electronically.

Electronic signatures, digital confirmations, checkbox selections, or platform-recorded approvals shall be deemed valid and binding as if executed in writing.

By signing or approving this Agreement electronically, each party confirms that they have read, understood, and agreed to be bound by its terms.
